## A \$75,000 integrated Home Control installation:

Your experience starts with a consultation, system design, and drawings to meet your needs.

### Listen

- Ability to input your shared CD player, iPods, tuners, and satellite receivers into two 8-zone multi-channel amplifiers and listen through in-ceiling speakers in fourteen rooms and two outdoor decks
- Includes fourteen keypads to control selection and volumes plus a two-channel plus XM multi-tuner and two iPod docks

### Watch

- Smart wiring, controllers, and single remote controls for six TVs which removes all equipment from within viewing rooms
- Two 5.1 Surround Sound Systems complete with speakers, receiver, and 7" Touch Screens
- Ability to input your shared satellite receivers, hard drive, DVD player, Blu-ray player into an 8-zone Audio Video Matrix
- Includes Blu-ray MegaChanger to store 400 blu-rays
- Equipment rack complete with router, network switch, playlist software, iPhone or iPad license, and one year internet access subscription

### Security

- Upgrade to security alarm system to allow integration
- Two Smart Code Keyless Entries with deadbolts
- Four IP cameras
- Doorbell connected to telephones

### Lighting

- Thirty addressable light switches or dimmers

### Comfort

- Three wireless fireplace switches
- Two wireless thermostats
- Motorized window treatment

### Programmed Functions

- Good night: Turn off lights, audio systems, locks door, and arms alarm system
- Arriving home: By entering your door code, starts your lighting and music scenes
- Outdoor lights: On at dusk, off at predetermined time
- Single Remote Control: Works on all devices, the only one you'll ever need

**We always finish with a complete demo.**
